

# Charlotte-Mecklenburg Quality of Life Explorer

The Quality of Life Explorer is an interactive online tool to discover our county and the diverse neighborhoods within it. The Explorer features over 80 variables across nine dimensions of quality of life that reflect you, the places you live and work, and collectively, our community. Check out the website to learn more about what's happening, see trends over time, and connect to resources to take action on the issue that matter to you.
